

**Welcome to Our 7th Annual
Bull & Female Sale
February 26, 2011, 1:30 p.m.
Viking Auction Market Ltd.
Corner of Highway 26 & 36**

Welcome to the Chomiak Charolais sale, along with guest consignor Ervin Zayak.

Our family entered the Charolais business officially in 1990, however, prior to that for approximately ten years, we ran Charolais bulls in our commercial herd. From 1990 on, our agenda has always been the pursuit of excellence. While our slogan is on course to excellence, over the years we enhanced our cow herd with purchases from long time Charolais breeders. This cross pollination activity in the past 10 years of top line purchases has created an impressive female herd of 140. As well to enhance our herd quality, our culling is hard.

Our program in the pursuit of excellence is beginning to show progress. In 2008 at Edmonton Farmfair we were honored with a champion mature cow with calf at side and a reserve champion heifer calf. Then our heifer named Simply Irresistible in 2009, began her path to success, starting with being Reserve Grand Champion Charolais Female at Armstrong BC; and then onward to the Farmfair in Edmonton taking the Female Grand Champion Charolais Female honors and finally taking the Agribition show in Regina where she was honored as the Junior Champion and concluded by being selected as the National Grand Champion Charolais Female.

Our herd sires are always selected keeping in mind the alliance which we are developing with the cattle folk to ensure that we are able to provide that functional bull along with calving ease. We scout out our sires to ensure that we are introducing strong traits to continually improve the herd. Our herd sires over the years were either direct champions or sons of champions. Currently we have purchased half and Full French sires to introduce that trait into our current purebred program. As well in our AI program, we select sires with strong traits. Last spring we purchased a bull from Eaton Charolais in Montana to service our heifers.

Our operation is a family affair. The farm is located south of Mundare where my grandparents settled in 1901, emigrating from Western Ukraine. The 100 year celebration took place in 2001 and was recognized with the Century Homestead plaque. We enjoy a mixed farming operation basically grain and Charolais, with the primary focus on our Charolais business. Our hospitality is always engaged and we welcome visitors.

We extend a warm welcome to all, to join us for lunch and refreshments, commencing at 11:30 a.m., with a presentation by Mr. Robert Black, Executive V.P. Katz Group. Katz is the owner of the Edmonton Oilers and developer of the downtown arena.

The sale will commence at 1:30 p.m. We are delighted that our guest consignor for this sale is once again Ervin Zayak of Creedence Charolais Ranch of Derwent, Alberta.

Upon completion of this sale, please join the Chomiak family, and Ervin Zayak for further hospitality.

We appreciate your participation today and thank you for coming. Thanks a million.

The Chomiak Family

John, Cathie, Christine,
Darlene, Ed, Josh,
Karen, Taylor

Purchasers of Chomiak Stock Qualify to Win:

- Weekend trip to Las Vegas (value \$800.00)
- Weekend at West Edmonton Mall (approx. value \$400.00)

KCM TEREX 333N (Reference Sire on Site)

In March 2004, we purchased Terex, the high selling Charolais bull in Canada. Terex was a finalist in a group of top four in their class at the 2003 Regina show. Terex is solid smooth polled style, good hair coat, excellent pants, has length and an excellent disposition. Terex is thick and heavy but not too tall. He is a very quiet bull and we certainly can tell that characteristic on his sons and daughters. We are pleased with the results of his breeding on our course to excellence. He has done everything right for us, he has been a powerful sensation at this farm. He is the reason for the great array of females on this farm. He has worked well and is heading for his 8th season of work.

At the weigh-in at the Edmonton Farm Fair in November 2006, Terex weighed 2700 pounds and his scrotal size was 47.5 cm.

Stored semen is available for sale.

HTA CROWN PRINCE 152L (Reference Sire)

Crown Prince was purchased by Chomiak Charolais March 2007 from Springside Farms. This is what Springside had to say about Crown Prince.

“Crown Prince has truly been a Royal sensation here at Springside. He has done everything right for us. Only because almost half the herd are his daughters, is this Power House being offered for sale. After purchasing him as a calf from the Hi-Weigh Breeders sale and showing him with much success, we anticipated his greatness. His sons have been very well accepted by both purebred and commercial breeders. They are thick, hairy, easy calving, good footed and display super dispositions. In our previous bull sales 19 sons averaged 40.5 cm . His daughters are also super mother cows; they are exceptionally fertile, moderate, and perfect uddered.”

We echo similar comments. His sons and daughters are awesome!
Weight—2700 lbs. Scrotal Size—47.5 cm.
Stored semen is available for sale

PRO-CHAR MONGO 57U (Reference Sire on Site)

Chomiak Charolais continues on its course to excellence with the purchase of a new sire with a French twist. We purchased the bull named Mongo during some rather heated bidding at the North Central Alberta Charolais Breeders sale in Clyde from Pro-char Charolais, owned and operated by David and Kristina Prokuda of Glenevis, Alberta.

We felt that the time was right to introduce the French influence into the family's current purebred program, and this is the bull who is going to do it. Mongo is a solid smooth shouldered polled half French with excellent pants and lots of hair along with a large scrotal size. Besides those attributes that make Mongo the latest member of the Chomiak Charolais herd sire, is the fact that Mongo contains the highly sought after TT for the Leptin gene. TT's increase the appetite of the animal while lowering how many calories it burns. And that means a higher rate of fat deposits or marbling in the meat. This Leptin gene as a trait is especially important for feedlot operators or anyone looking to fatten or finish their animals. The TT means a more efficient conversion factor to get the bovine into the food chain in less time. As Mongo has the TT, that means all his offspring will be born with at least one T allele.

Stored semen is available for sale.

STAUFFERS HAZZARD 59R (Reference Sire)

Stauffers Hazzard 59R was purchased at Stauffer's Bull Sale to breed heifers. Hazzard has been used on all of our heifers since 2006. He is a top line polled Cossack with a BW of only 94 lbs. His smooth shoulders along with his small head have been a blessing as we seldom had a heifer calving problem. Hazzard still has lots of life, and the only reason we sold him is that many of the females in our herd have been sired by Hazzard. Hazzard is a proven, quiet bull.

EATON'S GAUGE 9011 (Reference Sire on Site)

We purchased this bull last spring from Eaton Charolais, Lindsay, Montana to service our heifers. He had a low birth weight of only 80 pounds. The heifers that are in this sale have been bred by Eatons Gauge. There have been no problems with the heifers that have calved so far this year.

Terms & Conditions

Terms... Terms are cash sale day, unless prior arrangements have been made.

Bidding... Each animal will sell to the highest bidder... no by-bidding will be permitted.

Disputes... Bidding will be reopened between the parties involved in dispute. If no further bidding is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision on all disputes will be final.

Announcements... All announcements made from the auction block will take precedence over the printed matter in the catalogue.

Breeding Guarantee... All bulls sell under the standard terms and conditions set out by the Canadian Charolais Association. All bulls are semen tested and vet inspected.

Insurance... will be available on sale day from CFI Insurance Group

Registration Papers... Each animal will carry papers issued by the Canadian Charolais Association. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

Purchaser's Risk... Each animal becomes the risk of purchaser as soon as sold.

Note... Chomiak Charolais cannot house bulls which have been sold this year.

Bull Warranty

We guarantee to provide you with a sound, fertile bull capable of servicing a reasonable number of cows. In the event that your bull is a non-satisfactory breeder the seller will not under any circumstances, be responsible for more than the original selling price of any bull sold in the sale. The consignors will not provide replacement or credit for physical injury or mismanagement. Therefore we stress the importance of insurance on your bull.

Thank You
